

# Transportation & Trucking

The **Next for Windows™** Transportation and Trucking System with real-time full integration to Rental, Equipment, and Service system logs and tracks all equipment delivery and pick up requests through out the distributorship. The transportation manager can choose the carrier and truck. They can also estimate the delivery date, dispatch truck, and print a delivery or pick up bill of ladings.

### Features:

- ◆ Print Delivery Bill of Lading
- ◆ Print Pick-up Bill of Lading
- ◆ Service Level
- ◆ Priority Settings
- ◆ Branch Transfers
- ◆ Dispatch
- ◆ Mapping
- ◆ Maintain "Ship to" addresses
- ◆ Real time
- ◆ Microsoft SQL Database
- ◆ Integrated to Equipment Branch Transfer
- ◆ Request Transportation
  - Equipment Sales
  - Trade Ins
  - Rental Delivery
  - Rental Pickup
  - Rental Return
